Technical Data

Hydrex Extinguisher

PRODUCT CODE

FE034/OHS

PRODUCT NAME

3Ltr Hydrex Fire Extinguisher

PRODUCT DESCRIPTION

3Ltr Stored Pressure Hydrex Fire Extinguisher

APPLICATIONS

High performance Hydrex agent giving a 3Ltr size Fire Extinguisher the ability to fight a fire the equivalent to a traditional 9Ltr Water Fire Extinguisher. Suited best to where both class A and B fire risks exist. Ideal for Hospitals, Supermarkets, Hotels, Restaurants, Paint Shops, Clothing and Fabric Industries, Industrial Units, Offices, etc. This extinguisher has also passed the 35kv electrical test making it safe if accidentally sprayed on electrical equipment.

FEATURES

- Hydrex agent gives improved fire ratings
- Kitemarked to BS EN3
- Easy squeeze grip operation
- Corrosion resistant finish
- Internal polythene lining
- Strong protective base
- Complete with mounting bracket
- Passed the 35kv conductivity discharge test
